PREMIER GOLD MINES LIMITED
MANAGEMENT INFORMATION CIRCULAR

May 22, 2018

GENERAL PROXY INFORMATION

Solicitation of Proxies

This management information circular (the "Circular") is furnished in connection with the solicitation of proxies by the management of Premier Gold Mines Limited (the "Corporation") for use at the annual meeting (the "Meeting") of the shareholders of the Corporation to be held at the Toronto Region Board of Trade, One First Canadian Place, Toronto, Ontario, at 4:00 p.m. (Toronto time) on Wednesday, June 27, 2018 and at all adjournments thereof for the purposes set forth in the accompanying notice of meeting (the "Notice of Meeting"). The solicitation of proxies will be made primarily by mail and may be supplemented by telephone or other personal contact by the directors, officers and employees of the Corporation. Directors, officers and employees of the Corporation will not receive any extra compensation for such activities. The Corporation may also retain, and pay a fee to, one or more professional proxy solicitation firms to solicit proxies from the shareholders of the Corporation in favour of the matters set forth in the Notice of Meeting. The Corporation may pay brokers or other persons holding common shares of the Corporation ("Common Shares") in their own names, or in the names of nominees, for their reasonable expenses for sending forms of proxy and this Circular to beneficial owners of Common Shares and obtaining proxies therefrom. The cost of any such solicitation will be borne by the Corporation.

No person is authorized to give any information or to make any representation other than those contained in this Circular and, if given or made, such information or representation should not be relied upon as having been authorized by the Corporation. The delivery of this Circular shall not, under any circumstances, create an implication that there has not been any change in the information set forth herein since the date hereof.

Appointment of Proxies

A registered shareholder of the Corporation may vote in person at the Meeting or may appoint another person to represent such shareholder as proxy and to vote the Common Shares of such shareholder at the Meeting. In order to appoint another person as proxy, such shareholder must complete, execute and deliver the form of proxy accompanying this Circular, or another proper form of proxy, in the manner specified in the Notice of Meeting.

The persons named in the form of proxy accompanying this Circular are directors and/or officers of the Corporation. A shareholder of the Corporation has the right to appoint a person (who need not be a shareholder of the Corporation), other than the persons designated in the form of proxy, to represent such shareholder at the Meeting and at any adjournment thereof. Such right may be exercised by either striking out the names of the persons specified in the form of proxy and inserting the name of the person to be appointed in the blank space provided in the form of proxy, or by completing another proper form of proxy and, in either case, delivering the completed and executed form of proxy to TSX Trust Company, Suite 301, 100 Adelaide Street West, Toronto, Ontario, M5H 4H1, no later than 4:00 p.m. (Toronto time) on Monday, June 25, 2018 (or 48 hours (excluding Saturdays, Sundays and holidays) prior to any reconvened Meeting), or deposit the completed and executed form of proxy with the Chairman of the Meeting prior to the

commencement of the Meeting or any adjournment thereof. Voting instructions may also be provided by internet or facsimile by following the instructions on the form of proxy.

Revocation of Proxies

A registered shareholder of the Corporation who has given a proxy may revoke the proxy at any time prior to use by: (a) depositing an instrument in writing, including another completed form of proxy, executed by such registered shareholder or by his or her attorney authorized in writing or by electronic signature or, if the registered shareholder is a corporation, by an authorized officer or attorney thereof (i) at the registered office of the Corporation, 1100 Russell Street, Thunder Bay, Ontario, P7B 5N2, at any time prior to 5:00 p.m. (Toronto time) on the last business day preceding the day of the Meeting or any adjournment thereof, or (ii) with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof; (b) transmitting, by telephonic or electronic means, a revocation that complies with clause (i) or (ii) above and that is signed, subject to the *Business Corporations Act* (Ontario), by electronic signature, or (c) any other manner permitted by law.

Exercise of Discretion by Proxies

The Common Shares represented by an appropriate form of proxy will be voted or withheld from voting on any ballot that may be conducted at the Meeting, or at any adjournment thereof, in accordance with the instructions of the shareholder contained on the form of proxy. **In the absence of instructions, such Common Shares will be voted in favour of each of the matters described in the Notice of Meeting.**

The enclosed form of proxy, when properly completed and signed, confers discretionary authority upon the persons named therein to vote on any amendments to or variations of the matters described in the Notice of Meeting and on other matters, if any, which may properly be brought before the Meeting or any adjournment thereof. As at the date hereof, management of the Corporation knows of no such amendments or variations or other matters to be brought before the Meeting. However, if any other matter which is not now known to management of the Corporation should properly be brought before the Meeting, or any adjournment thereof, the Common Shares represented by such form of proxy will be voted on such matter in accordance with the judgment of the person named as proxy thereon.

Signing of Proxy

The form of proxy must be signed by the shareholder of the Corporation or the duly appointed attorney thereof authorized in writing or, if the shareholder of the Corporation is a corporation, by an authorized officer of such corporation. A form of proxy signed by the person acting as attorney of the shareholder of the Corporation or in some other representative capacity, including an officer of a corporation which is a shareholder of the Corporation, should indicate the capacity in which such person is signing. A shareholder of the Corporation or his or her attorney may sign the form of proxy or a power of attorney authorizing the creation of a proxy by electronic signature provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be.

Non-Registered Shareholders

Only registered shareholders of the Corporation or the persons they appoint as their proxy are entitled to attend and vote at the Meeting. The Common Shares of a non-registered shareholder (a "**Non-Registered Shareholder**") who beneficially owns Common Shares will generally be registered in the name of either:

- (a) an intermediary (an "**Intermediary**") with whom the Non-Registered Shareholder deals in respect of the Common Shares (including, among others, banks, trust companies, securities dealers or brokers, trustees or administrators of a self-administered registered retirement savings plan, registered retirement income fund, registered education savings plan and similar plans); or
- (b) a clearing agency (such as CDS Clearing and Depository Services Inc. or the Depository Trust Company) of which the Intermediary is a participant.

There are two kinds of beneficial owners: objecting beneficial owners who object to their name being made known to issuers of securities which they own ("**OBOs**") and non-objecting beneficial owners who do not object to their name being made known to issuers of securities which they own ("**NOBOs**").

Issuers can request and obtain a list of their NOBOs from Intermediaries via their transfer agents pursuant to National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") and issuers can use this list to distribute proxy-related materials directly to its NOBOs. The Corporation has decided to take advantage of the provisions of NI 54-101 that allow it to deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a voting instruction form from the Corporation's transfer agent, TSX Trust Company.

With respect to OBOs, in accordance with the requirements of NI 54-101, the Corporation has distributed copies of the Notice of Meeting, this Circular and the accompanying form of proxy (collectively, the "**Meeting Materials**") to the Intermediaries for onward distribution to Non-Registered Shareholders. Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless the Non-Registered Shareholders have waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will be given either:

- (a) a voting instruction form which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Shareholder and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the voting instruction form to validly constitute a form of proxy, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or
- (b) a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with TSX Trust Company, Suite 301, 100 Adelaide Street West, Toronto, Ontario, M5H 4H1.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Shareholder who receives either a voting instruction form or a form of proxy wish to attend the Meeting and vote in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the names of the persons named in the form of proxy and insert the Non-Registered Shareholder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the directions indicated on the form. **Non-Registered Shareholders should carefully follow the instructions of their Intermediaries and their service companies, including those instructions regarding when and where the voting instruction form or the form of proxy is to be delivered.**

A Non-Registered Shareholder who has submitted a voting instruction form or form of proxy may revoke it by contacting the Intermediary through which the Common Shares of such Non-Registered Shareholder are held and following the instructions of the Intermediary respecting the revocation of proxies.

Quorum

The quorum for the transaction of business at any meeting of holders of Common Shares is two persons present at the opening of the meeting who are entitled to vote thereat either as shareholders or as proxy holders and holding or representing more than 5% of the outstanding Common Shares. In the event that a quorum is not present within such reasonable time (determined by the Chairman of the Meeting) after the time fixed for the holding of the Meeting as the persons present and entitled to vote at the Meeting may determine, such persons may adjourn the Meeting to a fixed time and place.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The board of directors (the "**Board**") of the Corporation has fixed May 22, 2018 as the record date for the determination of the shareholders of the Corporation entitled to receive notice of the Meeting. Shareholders of the Corporation of record at the close of business on May 22, 2018 will be entitled to vote at the Meeting and at all adjournments thereof.

As at May 22, 2018, there were 202,614,536 Common Shares issued and outstanding. Each Common Share will entitle the holder of record thereof to one vote at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, as at May 22, 2018, no person or company beneficially owned or controlled or directed, directly or indirectly, voting securities of the Corporation carrying 10% or more of the voting rights attached to any class of voting securities of the Corporation.

Compensation Discussion and Analysis

Compensation Governance

The directors of the Corporation administer the Corporation's executive compensation policy with advice from the Compensation and Nominating Committee. The Compensation and Nominating Committee is responsible for, among other things, reviewing and making recommendations to the Board with respect to the compensation policies and practices of the Corporation, annually reviewing and recommending to the Board for approval the remuneration of the senior officers of the Corporation, making, on an annual basis, a recommendation to the Board as to any incentive award to be made to the senior officers of the Corporation, and comparing, on an annual basis, the total remuneration and the main components thereof of the senior officers of the Corporation with the remuneration of peers in the same industry. The Compensation and Nominating Committee ensures that total compensation paid to the Named Executive Officers is fair, reasonable and consistent with the Corporation's compensation philosophy.

The Compensation and Nominating Committee is currently comprised of four members, being Messrs. Lemasson, Little, Makuch and Vitton, each of whom is independent. The Compensation and Nominating Committee members have collectively gained extensive compensation-related experience in the mining and finance sectors both as senior officers and as members of the boards of directors and committees of other public and private corporations and through the pursuit of educational opportunities in this area. Each member draws on his respective management and governance experience to provide relevant compensation-related guidance on the Corporation's compensation policies and practices. The Board is confident that the collective experience of the committee members ensures that the Compensation and

Nominating Committee has the knowledge and experience to execute its mandate effectively and to make executive compensation decisions in the best interests of the Corporation.

The specific experience of each committee member relevant to his responsibilities as a member of the Compensation and Nominating Committee is summarized below:

- Mr. Lemasson has been a mining executive building teams for the past 17 years and has had direct responsibility for hiring and defining compensation packages for other executives and management. Mr. Lemasson has served as the President and Chief Executive Officer of Eastmain Resources Inc. since April 2016 and as a director of Eastmain Resources Inc. since November 2015. Mr. Lemasson previously served as an independent director of Kirkland Lake Gold Inc. from July 2013 to October 2014. Mr. Lemasson also served as the President and Chief Operating Officer of Guyana Goldfields Inc. from 2009 until 2012.
- Mr. Little is a mining executive with management and operations experience with senior and junior gold producing companies. Mr. Little served as the President, Chief Executive Officer and a director of Orezone Resources Inc. and Orezone Gold Corporation from 1995 until May 2017. Mr. Little is also a director and a member of the Compensation and Nomination Committee of Northern Graphite Corporation and the lead director of Wolfden Resources Corporation.
- Mr. Makuch is a mining executive and has had direct responsibility for hiring and defining compensation packages for other executives and management. Mr. Makuch has served as the President and Chief Executive Officer of Kirkland Lake Gold Inc. since July 2016 and was the President, Chief Executive Officer and a Director of Lake Shore Gold Corp. from March 2008 until March 2016.
- Mr. Vitton was an Executive Managing Director and Head of U.S. and Canadian Equity Sales of Bank of Montreal Capital Markets from 1994 to 2009. Previously, Mr. Vitton acted as Managing Director of Burns Fry Limited from 1984 to 1994. Burns Fry Limited was acquired by Bank of Montreal in 1994. In these capacities at Bank of Montreal Capital Markets and Burns Fry Limited, he had material participation in the compensation process for the institutional equity sales group. Mr. Vitton has held directorships with other public and private companies, including as co-founder and director of MMX.

Compensation Consultant

Since February 2016, an independent consulting firm, Mercer (Canada) Limited ("**Mercer**"), has been engaged by the Compensation and Nominating Committee to provide it with independent advice on executive compensation and related governance matters in connection with the approach of the Corporation towards executive and director compensation. The nature and scope of services provided and to be provided by Mercer to the Compensation and Nominating Committee includes:

- providing advice regarding Named Executive Officer compensation levels;
- providing advice regarding non-executive director compensation levels;
- providing information regarding ongoing and emerging market trends in executive compensation, director compensation and related corporate governance; and

- providing advice to the Compensation and Nominating Committee in advance of Compensation and Nominating Committee meetings.

The Compensation and Nominating Committee reviews and considers the information and advice provided by Mercer, among other factors, when it makes its recommendations to the Board for approval. The Board, however, makes the ultimate decisions with respect to executive compensation after considering the Compensation and Nominating Committee's recommendations.

Mercer does not provide any services to management directly and work conducted by Mercer does not raise any conflicts of interest. Any services provided by Mercer requires the pre-approval of the Compensation and Nominating Committee. The Chair of the Compensation and Nominating Committee approves all invoices for work performed by Mercer. The Compensation and Nominating Committee has the authority to hire and terminate its independent advisor.

The following table sets out aggregate fees billed by Mercer for services related to determining compensation for any of the Corporation's directors and executive officers and for all other services for each of the two most recently completed financial years.

Year	Executive Compensation-Related Fees (\$)	All Other Fees (\$)
2016	\$63,794.32	\$8,800.00 ⁽¹⁾
2017	\$66,246.00	-

Note:

(1) For the financial year ended December 31, 2016, the Corporation paid Mercer a fee to participate in and receive the results of an executive survey focused on the mining industry in Canada and the United States.

Philosophy and Objectives

The guiding philosophy of the Compensation and Nominating Committee in determining compensation for executive officers is that the Corporation should offer competitive compensation to attract, retain and motivate qualified executives in order for the Corporation to achieve the strategic plan and budgets approved by the Board and to act in the interests of the Corporation by being financially responsible. Achievement of these objectives is expected to contribute to an increase in shareholder value of the Corporation.

Peer Group

The Compensation and Nominating Committee compares the Corporation's compensation structure and levels with a peer group of companies, including base salary, short-term incentive compensation and long-term incentive compensation according to position title, organizational role and overall scope of responsibility. The 2017 peer group used by the Compensation and Nominating Committee in making its recommendations to the Board included the following 14 publicly traded mining companies with which the Corporation competes for executive talent and which the Corporation sees as its best comparables in order to ensure the Corporation remains competitive in attracting, motivating and retaining highly qualified and experienced executives. Companies were independently selected for inclusion in the peer group based on an in-depth review of many factors, including company size, geographic location, market capitalization, asset composition, degree of complexity and stage of operations.

Executive officers of the Corporation receive both fixed compensation and performance-based variable incentive compensation. Total compensation of executive officers of the Corporation is comprised of base salary, short-term incentives in the form of an annual cash bonus and in the form of awards under the RSU Plan and long-term incentives in the form of awards under the Share Incentive Plan. The allocation of total compensation to these different elements is not based on a formula but is intended generally to reflect market practices and realities as well as the Compensation and Nominating Committee's discretionary assessment of an executive officer's past contribution and ability to contribute to future short and long-term business results. The Compensation and Nominating Committee annually reviews the total compensation package of each of the executive officers of the Corporation on an individual basis against the backdrop of the compensation goals and objectives described above, and makes recommendations to the Board concerning the individual components of their compensation.

Base Salary

The Corporation provides executive officers with base salaries that represent a fixed element of compensation and their minimum compensation for services rendered, or expected to be rendered. The base salary of executive officers depends on the scope of their experience, responsibilities, leadership skills, performance, length of service, general industry trends and practices, competitiveness and the Corporation's existing financial resources. Base salaries are determined annually based on the Compensation and Nominating Committee's recommendations to the Board. In making its recommendations, the Compensation and Nominating Committee annually reviews the base salaries of the executive officers of the Corporation against the base salaries of executive officers in comparable positions of public companies in the mining industry (see "*Statement of Executive Compensation - Compensation Discussion and Analysis - Peer Group*" above). The Compensation and Nominating Committee also reviews third party compensation reports in making its recommendations.

Cash Bonus

In addition to base salary, the Corporation may award executive officers of the Corporation with short-term incentive awards in the form of an annual cash bonus. Annual cash bonus payments are awarded to executive officers of the Corporation by the Board, based on the recommendations of the Compensation and Nominating Committee, after taking into account achievement of performance targets at the personal, departmental, company and market levels. The formula set out below is used to determine annual cash bonuses:

$$\text{Annual Cash Bonus} = \text{Base Salary} \times \left[\frac{\text{Target Bonus Rate} + \left[\left(\frac{\text{Final Rating}}{50} \right) - 1 \right] \times \left[\text{Maximum Bonus Rate} - \text{Target Bonus Rate} \right]}{\text{Target Bonus Rate}} \right]$$

where:

$$\text{Final Rating} = (A \times B) + (C \times D) + (E \times F) + (G \times H) + (I \times J)$$

and where:

A	=	Personal Performance Appraisal Weighting
B	=	Personal Performance Appraisal Year End Rating
C	=	Personal Targets Weighting
D	=	Personal Targets Year End Rating
E	=	Team Targets Weighting
F	=	Team Targets Year End Rating
G	=	Company Targets Weighting
H	=	Company Targets Year End Rating
I	=	Peer / Market Related Targets Weighting
J	=	Peer / Market Related Targets Year End Rating

The amount of the annual cash bonus may be varied from the amount calculated at the reasonable discretion of the Compensation and Nominating Committee and the Board.

The personal performance appraisal is based on a detailed assessment of each executive officer's aptitude in various pre-established categories. The Compensation and Nominating Committee and the Board assess the President and Chief Executive Officer's personal performance, and review the President and Chief Executive Officer's assessment of the personal performance of each of the other executive officers. For each category, the Compensation and Nominating Committee or the President and Chief Executive Officer, as applicable, awards a rating based on how the executive officer was found to have performed in respect of each particular category. For the financial year ended December 31, 2017, categories included personal, interpersonal, knowledge and productivity.

Personal targets are individual targets based on pre-established goals and objectives particular to each individual executive officer. For the financial year ended December 31, 2017, personal targets varied for each Named Executive Officer but included, as applicable: (i) involvement with the Corporation's marketing initiatives; (ii) financial management; (iii) identification and acquisition of strategic assets; (iv) achievement of various operating objectives, cost and production goals; and (v) increasing reserves and resources.

Team targets are individual targets based on individual work assignments or projects that are components of and relate directly to broader operational and milestone related targets of the Corporation. For the financial year ended December 31, 2017, team targets varied for each Named Executive Officer but included, as applicable: (i) support of business expansion initiatives; (ii) relative performance of the Corporation; (iii) meeting the Corporation's annual budget; and (iv) execution of exploration, development and production plans and completion of related deliverables.

The Compensation and Nominating Committee and the Board assess the President and Chief Executive Officer's progress against his personal and team targets, and review the President and Chief Executive Officer's assessment of the progress of each of the other executive officers against their respective personal and team targets. For each of the personal and team targets, the Compensation and Nominating Committee or the President and Chief Executive Officer, as applicable, awards a rating based on how well the executive officer was found to have performed in respect of the particular target.

Company targets are comprised of financial and corporate social responsibility ("CSR") related targets as well as operational and milestone related targets based on key performance objectives for each property. For the financial year ended December 31, 2017, financial and CSR related targets included: (i) cost control; (ii) NAV expansion; (iii) treasury management; (iv) environmental compliance; and (v) health and safety. Property related targets included: (i) production; (ii) exploration; (iii) environmental assessment; and (iv) permitting.

Peer/market related targets are targets based on performance of the Corporation against its peers. For the financial year ended December 31, 2017, peer/market related targets included: (i) share price performance relative to peers; and (ii) absolute share price performance.

For each of the company and peer/market related targets, the Compensation and Nominating Committee awards a rating based on meeting or exceeding certain pre-established criteria.

For the financial year ended December 31, 2017, the Board set the target and maximum bonus rates for each Named Executive Officer, representing the percentage of their base salary which their annual cash bonus would total assuming such Named Executive Officer achieved 50% and 100% respectively of such Named Executive Officer's pre-established targets. Such target and maximum bonus rates, along with the calculated bonus amounts (based on the formula for calculating annual cash bonus payouts explained above), are shown below.

Security-Based Compensation

Short-term incentive compensation is also provided through the granting of equity incentives under the RSU Plan, which was established in 2015 for the benefit of full-time and part-time employees, officers and directors of the Corporation and its affiliates, as well as individuals engaged to provide consulting, technical, management or other services to any of the foregoing. The RSU Plan is administered by the

directors of the Corporation, or if the directors so determine, the committee of the directors authorized to administer the RSU Plan. The RSU Plan provides for the payment of bonus compensation in the form of Common Shares or, at the option of the Corporation, cash.

Long-term incentive compensation is provided through the granting of equity incentives under the Share Incentive Plan, which was established for the benefit of full-time and part-time employees, officers and directors of the Corporation and its affiliates, as well as individuals or corporations engaged to provide ongoing management or consulting services to any of the foregoing, which may be designated from time to time. The Share Incentive Plan, which consists of the Share Purchase Plan and the Share Option Plan, is administered by the directors of the Corporation, or if the directors so determine, the committee of the directors authorized to administer the Share Incentive Plan.

Equity incentive awards are designed to motivate executives to achieve long-term sustainable business results, align their interest with those of shareholders and to attract and retain executives. Awards are made based on a variety of factors, such as the need to attract or retain key individuals, competitive market conditions and internal equity. Previous grants are taken into account when considering new grants.

Management of the Corporation believes that security-based compensation arrangements and similar plans are a critical component of the Corporation's compensation arrangements and are necessary and vital to attracting and retaining key individuals. Participants in the Share Option Plan benefit only if the market value of the Common Shares at the time of option exercise is greater than the exercise price of the Options at the time of grant. As of the date hereof, no Common Shares have been issued under the Share Purchase Plan and no person has any right to be issued any Common Shares under the Share Purchase Plan.

In future years, it is expected that the Corporation will develop more formal objectives governing security-based compensation of executive officers.

For additional details concerning the RSU Plan, see "*Securities Authorized for Issuance Under Equity Compensation Plans - Summary of the Restricted Share Unit Plan*" and for additional details concerning the Share Incentive Plan, see "*Securities Authorized for Issuance Under Equity Compensation Plans - Summary of the Share Incentive Plan*".

Perquisites and Other Personal Benefits

In addition to the compensation described above, each of the Named Executive Officers is entitled to receive other benefits during the term of employment, which may include all or some of health, dental and vision insurance, an automobile allowance, vacation, sick leave, term life insurance and disability insurance.

Risk

The Compensation and Nominating Committee recognizes that certain elements of compensation could promote unintended inappropriate or excessive risk-taking behaviours; however, the Corporation seeks to ensure that executive compensation packages appropriately balance short-term incentives (e.g., base salary, annual cash bonuses and RSUs, if applicable) and long-term incentives (e.g., share-based and option-based awards). Base salaries and personal benefits are not subject to performance risk given the stage of the Corporation, as discussed above. To receive the benefit of long-term incentives (share-based and option-based awards), the executive officers must be employed by the Corporation (subject to limited exceptions), thereby better aligning executive performance with the interests of the Corporation and its

shareholders. The Compensation and Nominating Committee believes that executive compensation risk management is reinforced by ongoing oversight of the Board of, among other things, the Corporation's financial results, regulatory disclosure, strategic plans, fraud and error reporting, the Audit Committee's regular meetings with the external auditors (including without the presence of management), the Corporation's internal controls, management information systems and financial control systems.

As a result of the factors discussed above, the Compensation and Nominating Committee does not believe that its compensation policies and practices are reasonably likely to have a material adverse effect on the Corporation.

Hedging

Named Executive Officers and directors of the Corporation are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director.

Performance Graph

The following graph compares, from January 1, 2013 to December 31, 2017, the cumulative total shareholder return on a \$100 investment in the Common Shares with the cumulative total return of the S&P/TSX Composite Index, the S&P/TSX Global Mining Index and the S&P/TSX Global Gold Index.

As illustrated by the graph, during the five-year period ended December 31, 2017, with the exception of the years ended December 31, 2015 and December 31, 2017, the Corporation's share price has underperformed the S&P/TSX Composite Index, and, with the exception of the years ended December

31, 2013 and December 31, 2016, the Corporation's share price has outperformed both the S&P/TSX Global Mining Index and S&P/TSX Global Gold Index. During this period, both commodity and equity markets have experienced considerable volatility. The sharp decrease in commodity prices which began in 2013 and continued throughout 2016 has had an adverse impact on gold equities, as illustrated by the steep decline of the S&P/TSX Global Mining Index, S&P/TSX Global Gold Index and the Corporation's share price in 2013.

The trend in compensation of the Named Executive Officers has generally been consistent with share price performance over this period. Although the base salaries of Named Executive Officers have increased over the past five years, they remained unchanged for the financial years ended December 31, 2013 and December 31, 2014. The most noticeable trend is with respect to annual cash bonuses, which decreased for the financial year ended December 31, 2013, which was consistent with the decline in the Corporation's share price performance for that period. Annual cash bonuses increased significantly for the financial years ended December 31, 2014 through December 31, 2017 as the Corporation's share price performance improved. Total compensation for each of the Named Executive Officers decreased or increased between approximately -18.43% and 7.07% for the financial years ended December 31, 2015 and December 31, 2016 and decreased or increased between approximately -7.16% and 17.16% for the financial years ended December 31, 2016 and December 31, 2017. This reflects in large part the Corporation's efforts to correlate compensation of the Corporation's Named Executive Officers to a target level that is within the median range of its peer group. For details regarding the Corporation's peer group and the total compensation paid to Named Executive Officers, see "*Statement of Executive Compensation – Compensation Discussion and Analysis – Peer Group*" and "*Statement of Executive Compensation – Summary Compensation Table*".

While share price is an important factor, the share price valuation of gold producers, as well as exploration and development companies, fluctuates with changes in the underlying commodity prices, and at no time during the period was compensation intended to reflect share price performance driven by externalities. The compensation of the executive officers of the Corporation for the financial year ended December 31, 2017 was determined at arm's length and was at the discretion of the Board based upon the recommendations of the Compensation and Nominating Committee in accordance with the factors described above under the heading "*Compensation Discussion and Analysis*". Alignment with shareholders is nonetheless achieved by awarding a significant portion of compensation in the form of equity-based incentives.

Notes:

- (1) The fair value of RSU awards on the grant date is determined pursuant to the provisions of the RSU Plan, being the number of RSUs granted multiplied by the greater of either: (a) the weighted average trading price of the Common Shares on the TSX, and (b) the average of daily high and low board lot trading prices of the Common Shares on the TSX, for the five consecutive trading days immediately prior to the grant date.
- (2) The Corporation uses the Black-Scholes model to calculate the fair value of option-based awards on the grant date. The Corporation chose the Black-Scholes model because it is a widely recognized and utilized model for option pricing. The Black-Scholes model requires six key inputs: risk-free interest rate, exercise price of the Option, market price of the Common Shares at the date of grant, expected dividend yield, expected life and share price volatility, all of which, except for exercise price of the Option and market price of the Common Shares at the date of grant, are estimates of management. In calculating the fair value of Options granted during the financial year ended December 31, 2017, management assumed a risk-free interest rate of 0.97%, an exercise price of \$3.06, a market price of the Common Shares at the date of grant of \$3.06, an expected dividend yield of 0%, an expected life of 5 years and an average share price volatility of 57%. In calculating the fair value of Options granted during the financial year ended December 31, 2016, management assumed a risk-free interest rate of 0.807%, an exercise price of \$3.18, a market price of the Common Shares at the date of grant of \$3.18, an expected dividend yield of 0%, an expected life of 5 years and an average share price volatility of 65.27%. In calculating the fair value of Options granted during the financial year ended December 31, 2015, management assumed a risk-free interest rate of 0.8985%, an exercise price of \$2.19, a market price of the Common Shares at the date of grant of \$2.19, an expected dividend yield of 0%, an expected life of 5 years and an average share price volatility of 64.26%.
- (3) Represents annual cash bonus. See "Statement of Executive Compensation – Compensation Discussion and Analysis – Elements of Compensation Program – Cash Bonus". For the financial year ended December 31, 2015, 25% of the annual cash bonus was settled in RSUs.
- (4) Represents portion of annual cash bonus settled with RSUs, being 25% for the financial year ended December 31, 2015.
- (5) Comprised of \$6,622 in automobile benefits paid to Mr. Downie and \$8,027 in health benefit premiums paid on behalf of Mr. Downie.
- (6) Comprised of \$10,120 in automobile benefits paid to Mr. Downie and \$8,339 in health benefit premiums paid on behalf of Mr. Downie.

In addition to benefits realized from Options to purchase Common Shares and as otherwise disclosed herein, for the financial year ended December 31, 2017, each director of the Corporation earned an annual fee on the basis of the following criteria:

Criterion	Annual Fees Paid for the Year Ended December 31, 2017
Director of the Corporation	\$40,000
Member of one committee of the Board	\$5,000

Notes:

- (1) The director compensation table does not include information with respect to Mr. Downie who is the President and Chief Executive Officer and a director of the Corporation and with respect to Mr. Begeman who is the Executive Chairman and a director of the Corporation, each of whom were Named Executive Officers for the financial year ended December 31, 2017. Summary of the Share Incentive Plan

The share incentive plan of the Corporation (the "**Share Incentive Plan**"), which consists of the share option plan (the "**Share Option Plan**") and the share purchase plan (the "**Share Purchase Plan**"), was amended and restated as of May 17, 2016.

As of December 31, 2017, Options to purchase an aggregate of 8,754,000 Common Shares (representing approximately 4.33% of the issued and outstanding Common Shares as at December 31, 2017) were outstanding under the Share Option Plan and Options to purchase an aggregate of 9,466,917 Common Shares (representing approximately 4.68% of the issued and outstanding Common Shares as at December 31, 2017) were available for issuance under the Share Option Plan. As of December 31, 2017, no Common Shares had been issued under the Share Purchase Plan and 500,000 Common Shares (representing approximately 0.25% of the issued and outstanding Common Shares as at December 31, 2017) were available for issuance under the Share Purchase Plan.

The following table sets out the annual burn rate of the Share Incentive Plan for each of the Corporation's three most recently completed fiscal years. 2016	0.97
2017	0.88

The following is a summary of the key terms of the Share Incentive Plan, which summary is qualified in its entirety by reference to the full text of the Share Incentive Plan, which is available under the Corporation's SEDAR profile at www.sedar.com.

Purpose

The Share Incentive Plan provides for the acquisition of Common Shares by participants for the purpose of advancing the interests of the Corporation through the motivation, attraction and retention of key employees and directors of the Corporation and designated affiliates of the Corporation and to secure for the Corporation and the shareholders of the Corporation the benefits inherent in the ownership of Common Shares by key employees and directors of the Corporation and designated affiliates, it being generally recognized that share incentive plans aid in attracting, retaining and encouraging employees and directors due to the opportunity offered to them to acquire a proprietary interest in the Corporation.

Administration

The Share Incentive Plan is administered by the Board or the committee of the Board authorized to administer the Share Incentive Plan (the "**Committee**").

Common Share Availability and Participation Limits

The maximum number of Common Shares made available for the Share Purchase Plan is to be determined from time to time by the Committee but, in any case, cannot exceed 500,000 Common Shares in the aggregate (representing 0.25% of the issued and outstanding Common Shares as at December 31, 2017) and in no event may the aggregate number of Common Shares reserved for issuance pursuant to the provisions of the Share Purchase Plan exceed 500,000 Common Shares.

The maximum number of Common Shares made available for the Share Option Plan and all other share compensation arrangements may not exceed 10% of the total number of Common Shares outstanding on a non-diluted basis immediately prior to the proposed grant of the applicable Option. The Share Option Plan is a "rolling" maximum share option plan, and any increase in the number of outstanding Common Shares will result in an increase in the number of Common Shares that are available to be issued under the Share Option Plan and any exercise of an Option previously issued under the Share Option Plan will result in an additional grant being available under the Share Option Plan.

The Share Incentive Plan provides that the maximum number of Common Shares issuable to insiders, at any time, pursuant to the Share Incentive Plan and any other share compensation arrangement is 10% of the total number of Common Shares then outstanding. The maximum number of Common Shares which may be issued to insiders, within any one year period, pursuant to the Share Incentive Plan and any other share compensation arrangement is 10% of the total number of Common Shares then outstanding.

The maximum number of Common Shares issuable to non-employee directors, at any time, pursuant to the Share Incentive Plan and any other share compensation arrangement is 1% of the total number of Common Shares then outstanding. The total annual grant to any one non-employee director, within any one year period, pursuant to the Share Incentive Plan and any other share compensation arrangement cannot exceed a maximum grant value of \$150,000 worth of securities, of which the value of Options cannot exceed \$100,000 per non-employee director. For the purpose of the non-employee director participation limits, the aggregate number of securities granted under all share compensation arrangements shall be calculated without reference to: (i) the initial securities granted under the share compensation arrangements (pre-existing or otherwise) to a person who was not previously an insider of

the Corporation, upon such person becoming or agreeing to become a director of the Corporation. However, the aggregate number of securities granted under all share compensation arrangements in this initial grant to any one non-employee director shall not exceed a maximum value of \$150,000 worth of securities; and (ii) the securities granted under the share compensation arrangements to an eligible director who was also an officer of the Corporation at the time of grant but who subsequently became a non-employee director.

The Corporation has also adopted a policy whereby the three-year unadjusted burn rate under the Share Option Plan must be at or below 2.5%.

Share Purchase Plan

Participants

The Share Purchase Plan permits eligible participants to make contributions toward the purchase of Common Shares and provides that the Corporation will match up to 25% of such contributions. Under the Share Purchase Plan, eligible participants include the officers and employees (including both full-time and part-time employees) of the Corporation or of any designated affiliate of the Corporation and any person or corporation engaged to provide ongoing management or consulting services for the Corporation or a designated affiliate of the Corporation (or any employee of such person or corporation) who have been providing services to the Corporation or any designated affiliate of the Corporation for at least the immediately preceding 12 months. The Committee has the right to waive such 12 month period or to determine that the Share Purchase Plan does not apply to any eligible employee or other participant.

Contributions

The Corporation will match up to 25% of the participant's contribution under the Share Purchase Plan, which cannot exceed 10% of the participant's basic annual remuneration, before deductions, from the Corporation and designated affiliates of the Corporation exclusive of any overtime pay, bonuses, commissions, special compensation or allowances (whether received in cash, securities or otherwise) of any kind whatsoever.

Issuance of Common Shares

As soon as practicable following March 31st, June 30th, September 30th and December 31st in each calendar year the Corporation will issue, for the account of each participant, fully paid and non-assessable Common Shares equal in value to the aggregate amount contributed to the Share Purchase Plan by the participant and the Corporation. The issue price for each Common Share will be the five-day weighted average price of the Common Shares on the TSX for the five business days preceding the date in respect of which the Common Shares are being issued under the Share Purchase Plan.

Termination of Employment or Services

If a participant ceases to be employed by, or provide services to, the Corporation and all designated affiliates of the Corporation for any reason (including disability or death) or receives notice from the Corporation of the termination of his or her contract of service or employment:

- (a) the participant will automatically cease to be entitled to participate in the Share Purchase Plan;

- (b) any portion of the participant's contribution and the Corporation's contribution then held in trust for the participant will be paid to the participant or the estate of the participant; and
- (c) any Common Shares then held in safekeeping for the participant will be delivered to the participant or the participant's estate.

Take-Over Bid

If there is a take-over bid (within the meaning of the *Securities Act* (Ontario)) made for all or a portion of the outstanding Common Shares, then the Committee may, by resolution and with the consent of the applicable participants, make any Common Shares held in trust for a participant immediately deliverable in order to permit such Common Shares to be tendered to such take-over bid. In addition, the Committee may, by resolution, permit the Corporation's contribution to be made and Common Shares to be issued for the then aggregate contribution prior to the expiry of any such take-over bid in order to permit such Common Shares to be tendered to such take-over bid.

Share Option Plan

Participants

The Share Option Plan provides for the grant of non-transferable options ("**Options**") for the purchase of Common Shares to eligible participants. Under the Share Option Plan, eligible participants include the directors, officers and employees (including both full-time and part-time employees) of the Corporation or of any designated affiliate of the Corporation and any person or corporation engaged to provide ongoing management or consulting services for the Corporation or a designated affiliate of the Corporation (or any employee of such person or corporation). Subject to the provisions of the Share Incentive Plan, the Committee may from time to time determine the participants to whom Options may be granted, the number of Common Shares to be made subject to each Option granted, the expiry date of each Option granted, the exercise price of each Option granted and the other terms of each Option granted.

Exercise Price of Options

The price per share at which any Common Share which is the subject of an Option may be purchased shall be determined by the Committee at the time the Option is granted, provided that the exercise price of any Option may not be less than the closing price of the Common Shares on the TSX on the last trading day immediately preceding the date of the grant of such Option.

Term of Options

Each Option, unless sooner terminated pursuant to the provisions of the Share Option Plan, will expire on a date to be determined by the Committee at the time the Option is granted, subject to amendment by an employment contract, which date cannot be later than ten years after the date the Option is granted. However, if the expiration date falls within a blackout period or within ten business days after a blackout period expiry date, then the expiration date of the Option will be the date which is ten business days after the blackout period expiry date.

Vesting of Options

Except as otherwise provided in any employment contract or in the provisions of the Share Option Plan, Options may be exercised during the Option period only in accordance with the vesting schedule, if any, determined by the Committee at the time of the grant of the Option, which vesting schedule may include performance vesting or acceleration of vesting in certain circumstances and which may be amended or changed by the Committee from time to time with respect to a particular Option. If the Committee does not determine a vesting schedule at the time of the grant of any particular Option, such Option shall be exercisable in whole at any time, or in part from time to time, during the Option period.

Eligible Participants on Exercise

Subject to the provisions of the Share Option Plan, an Option may be exercised by the optionee in whole at any time, or in part from time to time, during the Option period, provided however that, except as otherwise specifically provided by the provisions of the Share Option Plan or in any employment contract, no Option may be exercised unless the optionee at the time of exercise thereof is:

- (a) in the case of an eligible employee, an officer of the Corporation or a designated affiliate of the Corporation or in the employment of the Corporation or a designated affiliate of the Corporation and has been continuously an officer or so employed since the date of the grant of such Option, provided, however, that a leave of absence with the approval of the Corporation or such designated affiliate of the Corporation will not be considered an interruption of employment for purposes of the Share Option Plan;
- (b) in the case of an eligible director who is not also an eligible employee, a director of the Corporation or a designated affiliate of the Corporation and has been such a director continuously since the date of the grant of such Option; and
- (c) in the case of any other eligible participant, engaged, directly or indirectly, in providing ongoing management, consulting or other services for the Corporation or a designated affiliate of the Corporation and has been so engaged since the date of the grant of such Option.

Lapsed Options

If Options granted under the Share Option Plan are surrendered, terminate or expire without being exercised in whole or in part, new Options may be granted covering the Common Shares not purchased under such lapsed Options.

Effect of Death

If a participant or, in the case of a person or corporation engaged to provide ongoing management or consulting services for the Corporation or a designated affiliate of the Corporation which is not an individual, the primary individual providing services to the Corporation or designated affiliate of the Corporation on behalf of the person or corporation engaged to provide ongoing management or consulting services, shall die, any Option held by such participant or individual at the date of such death shall become immediately exercisable notwithstanding any term or condition of such Option, and shall be exercisable in whole or in part only by the person or persons to whom the rights of the optionee under the Option shall pass by the will of the deceased or the laws of descent and distribution until the expiration of the Option period in respect of such Option (or such shorter period of time as is otherwise provided in an

employment contract or the terms and conditions of any Option), but only to the extent that such optionee was entitled to exercise the Option at the date of the deceased's death.

Effect of Termination of Employment or Services

If a participant (i) ceases to be a director of the Corporation and of the designated affiliates of the Corporation (and is not or does not continue to be an employee thereof) for any reason (other than death), or (ii) ceases to be employed by, or provide services to, the Corporation or the designated affiliates of the Corporation (and is not or does not continue to be a director or officer thereof), or any corporation engaged to provide services to the Corporation or the designated affiliates of the Corporation, for any reason (other than death) or receives notice from the Corporation or any designated affiliate of the Corporation of the termination of his or her employment contract, except as otherwise provided in any employment contract or the terms and conditions of any Option, in situations of termination not for cause, such participant will have 90 days (unless extended by the Board) following termination to exercise his or her Options to the extent that such participant was entitled to exercise such Options at the date of termination, and, in situations other than a termination not for cause, any Options held by such participant on the date of such termination shall be forfeited and cancelled as of that date. Notwithstanding the foregoing or any employment contract, in no event may such right extend beyond the Option period.

Acceleration on Take-Over Bid

If a take-over bid (within the meaning of the *Securities Act* (Ontario)) is made for all or a portion of the outstanding Common Shares, then the Committee may permit all Options outstanding to become immediately exercisable in order to permit Common Shares issuable under such Options to be tendered to such take-over bid.

Change of Control

If, at the time of a change of control, the participant is an officer or employee of the Corporation or of any designated affiliate of the Corporation and, within 12 months of such change of control, the Corporation terminates the employment or services of said participant for any reason other than cause or an involuntary termination occurs with respect to such officer or employee of the Corporation or of any designated affiliate of the Corporation, then, on the date of such event of termination, all of the participant's Options shall immediately vest, if not already vested.

If, at the time of a change of control, the participant is not an officer or employee of the Corporation or of any designated affiliate of the Corporation, then all of the participant's Options shall immediately vest on the date of the change of control, if not already vested.

In either of the foregoing events, as applicable, all Options so vested may be exercised in whole or in part by the participant from such applicable date until the expiry of their respective Option periods, except as otherwise provided in any employment contract or the terms and conditions of any Option.

Suspension, Termination or Amendments

The Committee has the right, under the Share Incentive Plan, without the approval of the shareholders of the Corporation, to suspend or terminate (and to re-instate) the Share Purchase Plan or the Share Option Plan, and to make certain amendments to the Share Incentive Plan, including the following amendments:

- (a) any amendment of a "housekeeping" nature;

- (b) any amendment to comply with the rules, policies, instruments and notices of any regulatory authority to which the Corporation is subject, including the TSX, or to otherwise comply with any applicable law or regulation;
- (c) any amendment to the vesting provisions of the Share Purchase Plan or the Share Option Plan, other than changes to the expiration date and the exercise price of an Option;
- (d) any amendment, with the consent of the optionee, to the terms of any Option previously granted to such optionee under the Share Option Plan;
- (e) any amendment to the provisions concerning the effect of the termination of a participant's employment or services on such participant's status under the Share Purchase Plan;
- (f) any amendment to the provisions concerning the effect of the termination of an optionee's position, employment or services on such optionee's status under the Share Option Plan;
- (g) any amendment to the contribution mechanics of the Share Purchase Plan;
- (h) any amendment respecting the administration or implementation of the Share Incentive Plan; and
- (i) any amendment to provide a cashless exercise feature to any Option or the Share Option Plan, provided that such amendment ensures the full deduction of the number of underlying Common Shares from the total number of Common Shares subject to the Share Option Plan.

The Committee has the right, under the Share Incentive Plan, with the approval of the shareholders of the Corporation by ordinary resolution, to make the following amendments to the Share Incentive Plan:

- (a) any change to the number of Common Shares issuable from treasury under the Share Incentive Plan, including an increase to the fixed maximum number of Common Shares or a change from a fixed maximum number of Common Shares to a fixed maximum percentage;
- (b) any amendment which would change the number of days with respect to the extension of the expiration date of Options expiring during or immediately following a blackout period;
- (c) any amendment which reduces the exercise price of any Option;
- (d) any amendment which extends the expiry date of an Option;
- (e) any amendment which cancels any Option and replaces such Option with an Option which has a lower exercise price;
- (f) any amendment which would permit Options to be transferred or assigned by any participant other than as currently contemplated by the Share Incentive Plan;
- (g) any amendments to the limits on non-employee director participation;

- (h) any amendment to the definition of "Participant" under the Share Incentive Plan which would have the potential of narrowing, broadening or increasing insider participation;
- (i) any amendment which allows for a purchase price discount under the Share Purchase Plan;
- (j) any amendment to the amount of the Corporation's contribution under the Share Purchase Plan; and
- (k) any amendment to the amending provisions of the Share Incentive Plan.

Assignability

No rights under the Share Incentive Plan and no Option awarded under the Share Option Plan are assignable or transferable by any participant other than pursuant to a will or by the laws of descent and distribution.

Changes in Capital

In the event there is any change in the Common Shares, whether by reason of a stock dividend, consolidation, subdivision, reclassification or otherwise, an appropriate adjustment will be made to the awards granted under the Share Incentive Plan by the Committee, including without limitation, in the number of Common Shares available under the Share Incentive Plan, the number of Common Shares subject to any Option and the exercise price of the Common Shares subject to Options.

Consolidation, Merger, etc.

If there is a consolidation, merger or statutory amalgamation or arrangement of the Corporation with or into another corporation, a separation of the business of the Corporation into two or more entities or a transfer of all or substantially all of the assets of the Corporation to another entity: (i) each participant for whom Common Shares are held in safekeeping under the Share Purchase Plan will receive, on the date that Common Shares would otherwise be delivered to the participant, the securities, property or cash which the participant would have received upon such consolidation, merger, amalgamation, arrangement, separation or transfer if the participant had held the applicable number of Common Shares immediately prior to such event; and (ii) unless the Committee otherwise determines acting reasonably, upon the occurrence of such consolidation, merger, amalgamation, arrangement, separation or transfer, where the surviving or acquiring entity is a corporation, then the surviving or acquiring entity will substitute or replace similar options to purchase securities in the surviving or acquiring entity for the Options outstanding under the Share Option Plan on substantially the same terms and conditions as the Share Option Plan.

Securities Exchange Take-Over Bid

In the event that the Corporation becomes the subject of a take-over bid (within the meaning of the *Securities Act* (Ontario)) pursuant to which 100% of the outstanding Common Shares are acquired by the offeror either directly or as a result of the compulsory acquisition provisions, and where consideration is paid in whole or in part in equity securities of the offeror, the Committee may send notice to all optionees requiring them to surrender their Options within 10 days of the mailing of such notice, and the optionees shall be deemed to have surrendered such Options on the tenth day after the mailing of such notice without further formality, provided that the Committee delivers with such notice an irrevocable and unconditional offer by the offeror to grant replacement options to the optionees on the equity securities

offered as consideration, the Committee has determined, in good faith, that such replacement options have substantially the same economic value as the Options being surrendered and the surrender of Options and the granting of replacement options can be effected on a tax free rollover basis under the *Income Tax Act* (Canada).

Summary of the Restricted Share Unit Plan

On May 14, 2015, the Board approved the adoption of the restricted share unit plan (the "**RSU Plan**"). The Board decided that it is desirable to have a wide range of incentive plans including the RSU Plan in place to attract, retain and motivate employees, directors and consultants of the Corporation. The RSU Plan was amended effective June 25, 2015.

The RSU Plan is a fixed plan and allows for restricted share units ("**RSUs**"), of up to an aggregate of 1,100,000 Common Shares (representing approximately 0.54% of the issued and outstanding Common Shares as at December 31, 2017), to be granted to the participants under the RSU Plan. As of December 31, 2017, 192,667 RSUs (representing approximately 0.10% of the issued and outstanding Common Shares as at December 31, 2017) were outstanding under the RSU Plan and 823,025 RSUs (representing approximately 0.41% of the issued and outstanding Common Shares as at December 31, 2017) were available for grant under the RSU Plan.

The following table sets out the annual burn rate of the RSU Plan for each of the Corporation's three most recently completed fiscal years. The annual burn rate represents the total number of securities granted under the RSU Plan during the applicable fiscal year, divided by the weighted average number of securities outstanding for the applicable fiscal year.

Fiscal Year	Annual Burn Rate (%)
2015	-
2016	0.04
2017	0.10

The following is a summary of the key terms of the RSU Plan, which summary is qualified in its entirety by reference to the full text of the RSU Plan, which is available under the Corporation's SEDAR profile at www.sedar.com.

Purpose

The purpose of the RSU Plan is to advance the interests of the Corporation and its affiliates through the motivation, attraction and retention of full-time and part-time employees, directors and eligible contractors of the Corporation or an affiliate of the Corporation and to secure for the Corporation and the shareholders of the Corporation the benefits inherent in the ownership of Common Shares by such participants, it being generally recognized that restricted share unit plans aid in attracting, retaining and encouraging employees, directors and consultants due to the opportunity offered to them to acquire a proprietary interest in the Corporation. The RSU Plan provides for the payment of bonus compensation in the form of Common Shares or, at the option of the Corporation, cash to participants.

Administration

The RSU Plan provides that the RSU Plan shall be administered by the Board or, if the Board so determines, the committee of the Board authorized to administer the RSU Plan, including any

compensation committee of the Board (collectively, the "**Committee**"). The Committee shall from time to time determine the participants who may participate in the RSU Plan.

Granting of RSU Awards

The Committee shall from time to time determine the participants to whom RSUs shall be granted. The Committee shall, in its sole discretion, determine any and all conditions to the vesting of any RSUs granted to a participant, which vesting conditions may be based on either or both of time and performance criteria, and the Committee may take into consideration the present and potential contributions of and the services rendered by the particular participant to the success of the Corporation and its affiliates and any other factors which the Committee deems appropriate and relevant.

Each grant of an RSU award under the RSU Plan shall be evidenced by an RSU grant letter to the participant from the Corporation. Unless otherwise specified in the applicable RSU grant letter, the granting of RSUs to any participant under the RSU Plan which is awarded in May to December of a calendar year will be awarded solely in respect of performance of such participant in the same calendar year. Where RSUs are awarded in January to April of a particular calendar year, such bonus will be awarded solely in respect of performance of such participant in the calendar year immediately preceding such award. No RSU and no other right or interest of a participant is assignable or transferable but shall thereafter enure to the benefit of and be binding upon the participant's beneficiary designated under the RSU Plan.

Subject to the absolute discretion of the Committee, the Committee may elect to credit, as a bonus for services rendered in the calendar year containing the payment date for cash dividends paid on the Common Shares (the "**Dividend Payment Date**"), a participant with additional RSUs. In such case, the number of additional RSUs so credited will be equal to (computed to two decimal places) the aggregate amount of dividends that would have been paid to the participant if the RSUs in the participant's account as of the record date for payment of such dividends (the "**Dividend Record Date**") had been Common Shares divided by the Market Value of a Common Share on the Dividend Payment Date. The additional RSUs will vest on the participant's entitlement date of the particular RSU award to which the additional RSUs relate.

For the purposes of the RSU Plan, "Market Value" means the greater of either: (a) the weighted average trading price of the Common Shares on the TSX; and (b) the average of daily high and low board lot trading prices of the Common Shares on the TSX, for the five consecutive trading days immediately prior to the date as of which Market Value is determined, provided that where the Market Value would be determined with reference to a period commencing after a fiscal quarter end of the Corporation and ending prior to the public disclosure of interim financial statements for such quarter (or annual financial statements in the case of the fourth quarter), the calculation of the Market Value will be made with reference to the fifth trading day immediately following the date of public disclosure of the financial statements for that quarter. If the Common Shares are not trading on the TSX, then the Market Value shall be determined based on the trading price on such stock exchange or over-the-counter market on which the Common Shares are listed and posted for trading as may be selected for such purpose by the Committee. In the event that the Common Shares are not listed and posted for trading on any stock exchange or over the-counter market, the Market Value shall be the fair market value of such Common Shares as determined by the Committee in its sole discretion, acting reasonably.

Common Share Availability and Insider Participation Limit

The aggregate maximum number of Common Shares available for issuance from treasury under the RSU Plan, subject to adjustment in the event of a stock dividend, consolidation, subdivision or reclassification,

shall not exceed 1,100,000 Common Shares. Any Common Shares subject to an RSU which has been granted under the RSU Plan and which has been cancelled or terminated in accordance with the terms of the RSU Plan prior to such RSU being fully vested will again be available under the RSU Plan.

The maximum number of Common Shares issuable to insiders of the Corporation, at any time, pursuant to the RSU Plan and any other security-based compensation arrangements of the Corporation is 10% of the total number of Common Shares then outstanding. The maximum number of Common Shares issued to insiders, within any one-year period, pursuant to the RSU Plan and any other security-based compensation arrangements of the Corporation is 10% of the total number of Common Shares then outstanding.

The maximum number of Common Shares issuable to non-employee directors, at any time, pursuant to the RSU Plan and any other security-based compensation arrangements of the Corporation is 1% of the total number of Common Shares then outstanding. The total annual grant to any one non-employee director, within any one year period, pursuant to the RSU Plan and any other security-based compensation arrangements of the Corporation shall not exceed a maximum grant value of \$150,000 worth of securities.

Settlement of RSUs

An RSU award granted to a participant for services rendered will entitle the participant, subject to the participant's satisfaction of any conditions, restrictions or limitations imposed under the RSU Plan or RSU grant letter, to receive a payment in fully paid Common Shares or, at the option of the Corporation, in cash on the date when the RSU award is fully vested, which shall be no later than December 31st of the third calendar year following the calendar year applicable to the particular RSU award grant date.

For the purposes of the RSU Plan, "Employer" in respect of a participant means the entity which employs or receives services from, as applicable, such participant, which may be the Corporation or an affiliate of the Corporation. Subject to the Corporation's ability to elect to satisfy its payment obligations in cash, the Employer shall satisfy its payment obligation, net of any applicable taxes and other source deductions required to be withheld by the Employer, on the redemption of the RSUs, with the issue of fully paid Common Shares from treasury or by having the broker appointed by the Board under the RSU Plan (the "**Broker**") acquire Common Shares in the open market (using funds paid to the Broker by the affiliate that is the employer of the participant for such purpose) on behalf of the participant, in the event that the Corporation elects not to issue Common Shares from treasury. If, after the issuance of Common Shares or the purchase of Common Shares by the Broker, an amount remains payable in respect of the vested RSUs being redeemed, the applicable affiliate shall pay such remaining amount in cash (net of any applicable taxes or other source deductions required to be withheld) to the participant.

In the event that the Employer satisfies its payment obligation in Common Shares, a participant may direct to have the Broker, if any such Broker has been appointed by the Board, sell such Common Shares on behalf of the participant. In the absence of an election being made, the participant shall be deemed to have elected to receive the Common Shares directly.

In the event that the Employer elects to satisfy its payment obligation in cash, on the date when an RSU award is fully-vested, the RSUs shall be redeemed and paid by the affiliate that is the employer of the participant to the participant, subject to the deduction or withholding by the Employer of any amount required to be deducted or withheld.

Effect of Death, Disability, Retirement or Termination

Subject to the provisions described above and except as provided for in the RSU grant letter or as otherwise determined by the Committee, in the event of:

- (a) the death of the participant, all unvested RSUs credited to the participant will vest on the date of the participant's death. The Common Shares represented by the RSUs held by the participant shall be issued or acquired in the open market by the Broker, or cash will be paid, as determined by the Committee, to or for the benefit of the participant's estate as soon as practicable;
- (b) the disability of the participant, all RSUs credited to the participant which have not vested prior to the date on which the participant is determined to be totally disabled will vest on the earlier of (i) the 60th day following the date on which the participant is determined to be totally disabled and (ii) the participant's entitlement date, and the Common Shares represented by RSUs held by the participant shall be issued or acquired in the open market by the Broker, or cash will be paid, as determined by the Committee, to or for the benefit of the participant as soon as practicable;
- (c) if a participant shall cease to be employed by, or provide services to, the Corporation or an affiliate of the Corporation (and is not or does not continue to be a director or employee thereof) as a result of termination without cause, all unvested RSUs credited to the participant shall vest on the date of termination, and the Common Shares represented by RSUs held by the participant shall be issued or acquired in the open market by the Broker, or cash will be paid, as determined by the Committee, to or for the benefit of the participant as soon as practicable, in accordance with the RSU Plan; and
- (d) if a participant shall:
 - (i) cease to be a director of the Corporation or an affiliate of the Corporation (and is not or does not continue to be an employee thereof) for any reason other than death or disability, or
 - (ii) cease to be employed by, or provide services to, the Corporation or an affiliate of the Corporation (and is not or does not continue to be a director or employee thereof) for any reason other than death, disability or termination without cause, all RSUs held by such participant shall be forfeited and cancelled as of the date of termination, and the participant shall have no entitlement to receive any payment in respect of such forfeited RSUs, or any other amount in respect of such forfeited RSUs, by way of damages, payment in lieu or otherwise.

Change of Control

If there is a Change of Control (as defined in the RSU Plan), all RSUs outstanding that are held by a participant shall immediately vest on the date of such Change of Control notwithstanding the participant's entitlement date. In any event, upon a Change of Control, participants shall not be treated any more favourably than shareholders of the Corporation with respect to the consideration that the participants would be entitled to receive for their Common Shares.

Take-Over Bid

In the event that the Corporation becomes the subject of a take-over bid (within the meaning of the *Securities Act* (Ontario)) pursuant to which 100% of the issued and outstanding Common Shares are acquired by the offeror either directly or as a result of the compulsory acquisition provisions of the incorporating statute and where consideration is paid in whole or in part in equity securities of the offeror, the Committee may send notice to all holders of RSUs requiring them to surrender their RSUs within 10 days of the mailing of such notice, and the holders of RSUs shall be deemed to have surrendered such RSUs on the tenth (10th) day after the mailing of such notice without further formality, subject to certain conditions outlined in the RSU Plan being satisfied.

Amendment or Discontinuance

The Board or the Committee, as the case may be, may suspend or discontinue the RSU Plan, or any portion thereof, at any time without first obtaining shareholder approval and in its absolute discretion, provided that, without the consent of a participant, such suspension or discontinuance may not in any manner adversely affect the participant's rights under any RSU granted under the RSU Plan.

The Board or the Committee may, subject to receipt of requisite regulatory and shareholder approval, make the following amendments to the RSU Plan:

- (a) amend the number of securities under the RSU Plan;
- (b) change the definition of "Participant" under the RSU Plan which would have the potential of narrowing, broadening or increasing insider participation;
- (c) make amendments to the limits on non-employee director participation;
- (d) make amendments to the amending provisions of the RSU Plan; or
- (e) make amendments to permit RSUs, or any other right or interest of a participant under the RSU Plan, to be assigned or transferred, other than for normal estate settlement purposes.

The Board or the Committee may, subject to receipt of requisite regulatory approval, where required, in its sole discretion make all other amendments to the RSU Plan that are not of the type contemplated above, including, without limitation:

- (a) amendments of a housekeeping nature;
- (b) the addition or a change to the vesting provisions of an RSU or the RSU Plan;
- (c) a change to the termination provisions of an RSU or the RSU Plan;
- (d) amendments to reflect changes to applicable securities laws; and
- (e) amendments to ensure that the RSUs granted under the RSU Plan will comply with any provisions respecting income tax and other laws in force in any country or jurisdiction of which a participant to whom an RSU has been granted may from time to time be resident or a citizen.

Summary of the Deferred Share Unit Plan

On May 14, 2015, the Board approved the adoption of the deferred share unit plan (the "**DSU Plan**"). The Board decided that it is desirable to have a wide range of incentive plans including the DSU Plan in place to attract, retain and motivate directors of the Corporation. The DSU Plan was amended effective June 25, 2015.

The DSU Plan allows for deferred share units ("**DSUs**"), of up to an aggregate of 500,000 Common Shares (representing approximately 0.25% of the issued and outstanding Common Shares as at December 31, 2017), to be granted to the participants under the DSU Plan. As of December 31, 2017, no DSUs had been granted under the DSU Plan and 500,000 DSUs (representing approximately 0.25% of the issued and outstanding Common Shares as at December 31, 2017) were available for grant under the DSU Plan.

The DSUs of the Corporation provide for the payment of certain amounts, or the issuance of Common Shares, to the participants as described below. These Common Shares are to be issued from the same 10% rolling pool as the Common Shares issued under the Corporation's Share Incentive Plan and RSU Plan.

The following table sets out the annual burn rate of the DSU Plan for each of the Corporation's three most recently completed fiscal years. The annual burn rate represents the total number of securities granted under the DSU Plan during the applicable fiscal year, divided by the weighted average number of securities outstanding for the applicable fiscal year.

Fiscal Year	Annual Burn Rate (%)
2015	-
2016	-
2017	-

The following is a summary of the key terms of the DSU Plan, which summary is qualified in its entirety by reference to the full text of the DSU Plan, which is available under the Corporation's SEDAR profile at www.sedar.com.

Purpose

A DSU is a notional unit granted to an independent director and that is represented by a bookkeeping entry on the books of the Corporation, the value of which on any particular date is equal to the Market Value (as defined below) of a Common Share. The DSU Plan is designed to assist the Corporation in the recruitment and retention of qualified persons to serve as directors of the Corporation and to align the interests of eligible directors with the long-term interests of the shareholders of the Corporation.

No holder of any DSUs shall have any rights as a shareholder of the Corporation. The rights of a DSU holder shall be no greater than the rights of an unsecured creditor of the Corporation. The Corporation will not contribute any amounts to a third party or set aside any amounts to fund the benefits that will be provided under the DSU Plan.

For the purposes of the DSU Plan, "Market Value" means, with respect to any particular date, the greater of either: (a) the weighted average trading price of the Common Shares on the TSX; and (b) the average of daily high and low board lot trading prices of the Common Shares on the TSX, for the five consecutive trading days immediately prior to the date as of which Market Value is determined, provided that (i) where the Market Value would be determined with reference to a period commencing after a fiscal quarter end of the Corporation and ending prior to the public disclosure of interim financial statements for

such quarter (or annual financial statements in the case of the fourth quarter), the calculation of the Market Value will be made with reference to the fifth trading day immediately following the date of public disclosure of the financial statements for that quarter, and (ii) in the event of a Cease Trade Date (as defined in the DSU Plan), Market Value shall be such other value as may be determined pursuant to the DSU Plan.

Participants

The DSU Plan authorizes the Board to grant DSUs to eligible directors of the Corporation (individually an "**Eligible Director**" and collectively "**Eligible Directors**"). Eligible Director means a director of the Corporation who does not receive employment income in respect of services rendered to the Corporation or any affiliate of the Corporation, otherwise than in his or her capacity as a member of the Board or a member of the board of directors of an affiliate of the Corporation.

Administration

The DSU Plan is administered by the Board or, if the Board so determines, the committee of the Board authorized to administer the DSU Plan, which includes any compensation committee of the Board (collectively, the "**Committee**").

Grant of Units and Vesting

The Committee may grant DSUs to an Eligible Director in accordance with the DSU Plan and with regards to what it determines is appropriate in respect of the services the Eligible Director renders as a member of the Board. Any and all conditions to the vesting of any DSUs granted to an Eligible Director shall be set out in the DSU grant letter. The Committee may accelerate and/or waive any vesting or other conditions for any DSUs for any Eligible Director at any time.

The aggregate maximum number of Common Shares available for issuance from treasury under the DSU Plan shall not exceed 500,000 Common Shares. The maximum number of Common Shares issuable to insiders, at any time, pursuant to the DSU Plan and any other security-based compensation arrangements of the Corporation is 10% of the total number of the Common Shares then outstanding. The maximum number of Common Shares issued to insiders, within any one year period, pursuant to the DSU Plan and any other security-based compensation arrangements of the Corporation is 10% of the total number of Common Shares then outstanding. The maximum number of Common Shares issuable to non-employee directors, at any time, pursuant to the DSU Plan and any other security-based compensation arrangements of the Corporation is 1% of the total number of Common Shares then outstanding. The total annual grant to any one non-employee director, within any one year period, pursuant to the DSU Plan and any other security-based compensation arrangements of the Corporation shall not exceed a maximum grant value of \$150,000 worth of securities.

If any DSUs granted under the DSU Plan expire, terminate or are cancelled for any reason (including, without limitation, the satisfaction of the DSU by means of a cash payment) without being paid out or settled in the form of Common Shares issued from treasury, any unissued Common Shares to which such DSUs relate shall be available for the purposes of the granting of further DSUs under the DSU Plan or other securities pursuant to all other applicable security-based compensation arrangements of the Corporation. If any rights to acquire Common Shares granted under any other security-based compensation arrangements of the Corporation shall expire or terminate for any reason without having been exercised in full, any Common Shares to which such security relates shall be available for the purposes of the granting of further DSUs under the DSU Plan.

If determined by the Committee in its sole discretion and if set out in the applicable DSU grant letter, on the payment date for cash dividends paid on Common Shares (the "**Dividend Payment Date**"), the account for each Eligible Director shall be credited, as an additional bonus for services rendered in that calendar year, with additional DSUs in respect of the number of DSUs credited to the Eligible Director's account as of the record date for payment of such dividends (the "**Dividend Record Date**"). In such case, the number of additional DSUs will be equal to (computed to two decimal places) the aggregate amount of dividends that would have been paid to the Eligible Director if the DSUs in the Eligible Director's account on the Dividend Record Date had been Common Shares divided by the Market Value of a Common Share on the Dividend Payment Date.

Redemption

DSUs are to be redeemed as soon as practicable after the redemption date, but in any event no later than December 31st of the first calendar year following the calendar year in which the director ceased to be a director.

On a date to be determined by the Board, in its sole discretion, after the Eligible Director's termination date (the "**Redemption Date**"), the vested DSUs credited to the Eligible Director's account shall be redeemed and shall be paid by the Corporation to the Eligible Director (or if the Eligible Director has died, to the Eligible Director's beneficiary) in the form of a lump sum cash payment, or its equivalent in fully-paid Common Shares at the time, less applicable withholding taxes, as soon as practicable after such Redemption Date, provided that in any event such payment shall be made no later than December 31st of the first (1st) calendar year commencing immediately after the Eligible Director's termination date. The fair market value of the DSUs shall be determined as of the Redemption Date.

Transferability

The DSUs are non-transferable. Subject to the requirements of applicable laws, an Eligible Director shall designate in writing a person who is a dependent or relation of the Eligible Director as a beneficiary to receive any benefits that are payable under the DSU Plan upon the death of such Eligible Director. The Eligible Director may, subject to applicable laws, change such designation from time to time in writing.

Blackout Periods

Subject to the terms of the DSU Plan, in the event that an Eligible Director's redemption date falls on or within 10 business days of the expiration of a Blackout Period applicable to such Eligible Director, the redemption date shall be extended to the close of business on the tenth business day following the expiration of the Blackout Period. For the purposes of the DSU Plan, "Blackout Period" refers to a period when an Eligible Director is prohibited from trading in the Corporation's securities pursuant to the Corporation's written policies then applicable or a notice in writing to an Eligible Director by a senior officer or a director of the Corporation.

Amendment and Termination

The DSU Plan provides that the Board or Committee may at any time amend, suspend or terminate in whole or in part the DSU Plan in such respects as it may consider advisable. The Board or Committee may, subject to regulatory and shareholder approval, make the following amendments to the DSU Plan:

- (a) amend the number of securities under the DSU Plan;

- (b) change the definition of Eligible Director under the DSU Plan, which has the potential to narrow, broaden or increase insider participation;
- (c) make amendments to the limits on non-employee director participation;
- (d) make amendments to the amending provisions of the DSU Plan; or
- (e) make amendments to the DSU Plan that would permit DSUs, or any other right or interest of an Eligible Director under the DSU Plan, to be assigned or transferred, other than for estate settlement purposes.

The DSU Plan provides that the Board or the Committee may, subject to receipt of applicable regulatory approval, without obtaining shareholder approval, make all other amendments to the DSU Plan that are not of the type listed above, including, without limitation:

- (a) amendments of a housekeeping nature;
- (b) the addition or a change to the vesting provisions of a DSU or the DSU Plan;
- (c) a change to the termination provisions of a DSU or the DSU Plan;
- (d) amendments to reflect changes to applicable securities laws; and
- (e) amendments to ensure that the DSUs granted under the DSU Plan will comply with any provisions respecting income tax and other laws in force in any country or jurisdiction of which an Eligible Director to whom a DSU has been granted may from time to time be resident or a citizen.

All DSUs that have not vested prior to the "Termination Date" (the earliest date on which the Eligible Director (i) is not a member of the Board nor a member of the board of directors of an affiliate of the Corporation, and (ii) is not an employee, within the meaning of the *Income Tax Act* (Canada), of the Corporation or any affiliate) will terminate. If there is a change of control (as defined in the DSU Plan), all DSUs outstanding shall immediately vest on the date of such change of control.

Changes in Capital

DSUs may be adjusted if there is a subdivision, consolidation, reclassification or recapitalization or other change with respect to the number of outstanding Common Shares and not as a result of the issuance of Common Shares for additional consideration or by way of a dividend in the ordinary course. In such a case, the Committee shall, subject to TSX approval, make adjustments to the number of DSUs outstanding under the DSU Plan provided that the dollar value of DSUs credited to an Eligible Director's account immediately after such an adjustment shall not exceed the dollar value of the DSUs credited to such Eligible Director's account immediately prior thereto.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Board of Directors

The Corporation currently has seven directors, a majority of whom are considered independent for the purposes of National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**"). Following the Meeting, it is expected that five of the seven directors (namely, Messrs. Lemasson, Little,

Makuch, Seaman and Vitton) will be considered independent (assuming the election of the nominees) for the purposes of NI 58-101. Mr. Downie is not considered to be independent by virtue of the fact that he is the President and Chief Executive Officer of the Corporation. Mr. Begeman is not considered to be independent by virtue of the fact that he is the Executive Chairman of the Corporation.

The following table sets out, for each director of the Corporation, his independence, his attendance record for all meetings of the Board held since the beginning of the most recently completed financial year of the Corporation, and the other reporting issuers (or the equivalent in a foreign jurisdiction) of which he is also a director:

Name of Director	Independence	Board Meetings Attended	Other Reporting Issuers
John A. Begeman	Not independent	9 out of 9	African Gold Group, Inc. Yamana Gold Inc.
Ewan S. Downie	Not independent	9 out of 9	Wolfden Resources Corporation
Claude Lemasson	Independent	8 out of 9	Eastmain Resources Inc.
Ron Little	Independent	9 out of 9	Northern Graphite Corporation Wolfden Resources Corporation
Anthony Makuch	Independent	9 out of 9	Barkerville Gold Mines Ltd. Cordoba Minerals Corp. Kirkland Lake Gold Ltd.
John Seaman	Independent	9 out of 9	None
Michael Vitton	Independent	9 out of 9	None

For the financial year ended December 31, 2017, the independent directors of the Corporation held nine in-camera sessions (subsequent to the Board meetings) without members of management present in order to discuss the business of the Corporation.

As of the date of this Circular, Mr. John Begeman is the Executive Chairman of the Board and is not considered to be independent for purposes of NI 58-101. Mr. Claude Lemasson is lead independent director. The position of lead independent director is a non-executive position, which focuses on ensuring open and candid discussion takes place among the independent directors as well as between independent and non-independent directors. To enhance the effectiveness of the Board, among other things, the lead independent director ensures that the independent directors have an opportunity to meet, without management and the non-independent directors being present, at each regularly scheduled meeting of the Board.

The Chairman plays a leading and critical role on behalf of the Board in its supervision of senior management of the business and affairs of the Corporation. The Chairman is primarily responsible for the management of the Chief Executive Officer of the Corporation and effective performance of the Board and provides leadership to the Chief Executive Officer and the Board. The written mandate of the Chairman states that the Chairman should provide leadership to the Board, including by:

- leading, managing and organizing the Board consistent with the approach to corporate governance established by the Board from time to time;
- promoting cohesiveness among the directors;

- being satisfied, together with the lead independent director, if any, that the responsibilities of the Board and the committees of the Board are well understood by the Board;
- assisting the Board in ensuring the integrity and ethics of the senior officers and that such senior officers create a culture of fairness, integrity and ethics consistent with the policies of the Corporation, throughout the Corporation;
- together with the lead independent director, if any, and the Chairs of the Corporate Governance Committee and Compensation and Nominating Committee, reviewing from time to time the committees of the Board, the Chairs of such committees and the mandates of such committees; and
- together with the lead independent director, if any, and the Chairs of the Corporate Governance Committee and Compensation and Nominating Committee, ensuring that the Board, the committees of the Board, individual directors and the senior officers understand and discharge their respective obligations consistent with the approach to corporate governance established by the Board and the policies of the Corporation from time to time.

The Chairman also acts in an advisory and supervisory capacity to the senior officers of the Corporation in all matters concerning the interests, affairs and management of the Corporation.

Board Mandate

The duties and responsibilities of the directors of the Board are to supervise the management of the business and affairs of the Corporation; and to act in the best interests of the Corporation. In discharging its mandate, the directors of the Corporation are responsible for the oversight and review of the development of, among other things, the following matters:

- the strategic direction of the Corporation;
- identifying the principal business risks of the Corporation and ensuring that procedures and people are in place to appropriately manage these risks;
- succession planning, including appointing, training and monitoring senior management;
- a communications policy for the Corporation to facilitate communications with investors and other interested parties; and
- the integrity of the internal controls and procedures (including adequate management information systems and the oversight of the testing of internal controls) within the Corporation.

The Board also has the mandate to assess the effectiveness of the Board as a whole, its committees and the contribution of individual directors. The Board discharges its responsibilities and obligations either directly or through its committees, currently consisting of the Audit Committee, the Compensation and Nominating Committee, the Corporate Governance Committee and the Environmental, Health and Safety, and Corporate Responsibility Committee. A copy of the Mandate of the Board setting out the Board's mandate and responsibilities is available on the Corporation's website at www.premiergoldmines.com.

Position Descriptions

The Board has developed written mandates for the Chairman of the Board and the Chief Executive Officer, and written responsibilities for the chair of each committee of the Board.

Orientation and Continuing Education

The Chief Executive Officer of the Corporation is responsible for providing an orientation and education program for new directors of the Corporation. When a new director is added, he or she will be given the opportunity to become familiar with the Corporation by meeting with the other directors and with the officers and representatives of the Corporation. As each director has a different skill set and professional background, orientation and continuing education activities will be tailored to the particular needs and experience of each director.

In October 2017, the Corporation held a two-day off-site strategy session for the directors of the Corporation. In addition to discussions regarding strategy, presentations were given to the directors of the Corporation on current issues regarding the business of the Corporation. The Corporation plans to organize similar strategy and educational sessions for its directors on an annual basis.

Ethical Business Conduct

The directors of the Corporation have adopted a written code of business conduct and ethics for the directors, officers and employees (the "**Code**"). A copy of the Code may be found on SEDAR at www.sedar.com or on the Corporation's website at www.premiergoldmines.com. Employees who know of or suspect a violation of the Code or of any applicable laws, rules or regulations have an obligation to immediately report this information to a member of management or the Audit Committee. The directors of the Corporation are responsible for monitoring compliance with the Code and for regularly assessing its adequacy.

The directors of the Corporation as a whole ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer of the Corporation has a material interest by requiring such director or executive officer to disclose any potential or actual conflicts of interest to the Chairman of the Corporation. If the Chairman determines that a conflict exists, such director or executive officer does not participate in the discussion or decisions regarding the transaction or agreements. Directors and executive officers of the Corporation are urged, where appropriate, to retain independent professional advice to ensure the fulfillment of their duties.

Nomination of Directors

The Compensation and Nominating Committee is responsible for identifying potential candidates for the Board and also considers, from time to time, the desirable number of directors of the Corporation. The Compensation and Nominating Committee has been delegated the responsibility of assessing potential candidates for the Board to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board are also consulted for possible candidates.

The Compensation and Nominating Committee is comprised entirely of independent directors, being Messrs. Vitton, Lemasson, Little and Makuch. The Compensation and Nominating Committee considers from time to time the desirable number of directors of the Corporation, identifies and recommends to the Corporation and the Board proposed nominees to be directors of the Corporation, and considers a skills matrix for the Board, which includes the competencies and skills which each individual director possesses.

Compensation

The Compensation and Nominating Committee is comprised entirely of independent directors, being Messrs. Vitton, Lemasson, Little and Makuch. For information regarding the skills and experience of the members of the Compensation and Nominating Committee, see "*Statement of Executive Compensation – Compensation Discussion and Analysis – Compensation Governance*" above.

The Compensation and Nominating Committee is responsible for assisting the Board in setting director and senior officer compensation and to develop and submit to the Board recommendations with respect to other employee benefits considered advisable. In particular, the Compensation and Nominating Committee is responsible for, among other things, reviewing and making recommendations to the Board with respect to the compensation policies and practices of the Corporation, annually reviewing and recommending to the Board for approval the remuneration of the senior officers of the Corporation, reviewing and making a recommendation to the Board on the hiring or termination of any senior executive or on special employment contracts, annually recommending to the Board any incentive award to be made to the senior executives under any incentive plan or under any employment agreement and annually comparing the total remuneration of the senior executives with the remuneration of peers in the same industry.

The process by which appropriate compensation is determined is through periodic and annual reports from the Compensation and Nominating Committee on the Corporation's overall compensation and benefits philosophies with such compensation realistically reflecting the responsibilities and risks of such positions. For more information with respect to the compensation of the Named Executive Officers and the directors of the Corporation, see "*Statement of Executive Compensation*" above.

Other Board Committees

In addition to the Audit Committee and the Compensation and Nominating Committee, the directors of the Corporation have established the Environmental, Health and Safety, and Corporate Responsibility Committee and the Corporate Governance Committee. The Environmental, Health and Safety, and Corporate Responsibility Committee is responsible for reviewing reports from management of the Corporation concerning the Corporation's compliance with applicable laws, rules, regulations and standards of corporate conduct with respect to health, safety, environmental and corporate social responsibility matters.

The Corporate Governance Committee is responsible for assisting the Corporation and the Board in fulfilling their respective corporate governance responsibilities under applicable securities laws, instruments, rules and mandatory policies and regulatory requirements and to promote a culture of integrity throughout the Corporation.

Information regarding the Audit Committee, including the complete text of the charter of the Audit Committee, is set forth in the annual information form of the Corporation dated March 29, 2018 under the heading "*Audit Committee Disclosure*".

Assessments

The current practice of the Board is for the Board to make ongoing, informal assessments of the performance of the Board, its committees and individual directors. The Board also has a formal assessment questionnaire that the Board as a whole responds to. The assessment looks at the performance of the Board as a whole. The results of such formal assessment are tabulated by an independent source and then sent to the Chair of the Corporate Governance Committee who completes a report on this basis.

Majority Voting Policy

The Board has adopted a majority voting policy (the "**Majority Voting Policy**") which provides that in an uncontested election of directors, if any nominee for director receives a greater number of votes "withheld" from his or her election than votes "for" such election, that director will immediately tender his or her resignation to the Board following the meeting. The Compensation and Nominating Committee will consider the offer of resignation and recommend to the Board whether or not to accept it. In its deliberations, the Compensation and Nominating Committee will consider any exceptional circumstances that would justify not accepting the resignation. The Compensation and Nominating Committee is expected to recommend that the Board accept the resignation absent exceptional circumstances. The Board will render a decision as to whether or not to accept the resignation within 90 days following the applicable shareholders' meeting, after considering the circumstances considered by the Compensation and Nominating Committee and any other circumstances that the Board considers relevant. The Board will accept the resignation absent exceptional circumstances that would warrant the director continuing to serve on the Board. The Board will promptly issue a press release to announce its decision, a copy of which will be provided to the TSX. If a director refuses to tender his or her resignation in accordance with the Majority Voting Policy, such director will not be re-nominated at the next election.

Director Term Limits and Other Mechanisms of Board Renewal

As set forth above under "*Business of the Meeting - Election of Directors*", each director elected serves until the next annual meeting of shareholders unless his or her office is earlier vacated in accordance with the by-laws of the Corporation. The Board does not currently have a limit on the number of consecutive terms for which a director may sit as it believes that arbitrary term or age limits often prevent or restrict the continued service on the Board of the most experienced and valuable directors who will have acquired an institutional knowledge of the Corporation from such years of service. The imposition of inflexible term limits may not necessarily correlate with returns or benefits for stakeholders. Rather, the Board maintains a flexible approach to Board succession whereby it considers the addition of potential candidates in conjunction with its assessments of current directors and the Board as a whole. The Compensation and Nominating Committee and the Board have an effective director evaluation process which is used at least annually and which the Board believes is a more effective method to assess the fitness for service on the Board than age or term served. Further, the Compensation and Nominating Committee surveys each director individually prior to each meeting of shareholders at which directors are to be elected to determine whether each director has sufficient time to devote to his or her Board duties and whether there is any other reason for which such director does not believe he or she should stand for re-election. The Board believes that the above approach allows the Corporation to maintain an effective Board succession process.

Policies Regarding the Representation of Women on the Board

The Corporation has not adopted a written policy relating to the identification and nomination of women directors. The members of the Board have diverse backgrounds and expertise and were selected on the belief that the Corporation and its stakeholders would benefit materially from such a broad range of talent and experience. As the need for new directors or executive officers arises, the Corporate Governance Committee and Compensation and Nominating Committee assess candidates on the basis of knowledge, industry experience, financial literacy, professional ethics and business acumen. While the Corporate Governance Committee and Compensation and Nominating Committee recognize the potential benefits from new perspectives that could manifest through greater gender diversity and recognize that diversity can enhance culture and create value for the Corporation and its stakeholders, the Corporation has not formally adopted a written diversity policy.

Consideration of the Representation of Women in the Director Identification and Selection Process

The Compensation and Nominating Committee considers the level of representation of women as one of the factors in identifying and nominating candidates for election or re-election to the Board, by attempting to identify the most diverse (including gender-diverse) and inclusive pool of available candidates. The Corporation to date has sought to increase diversity at the Board level through the recruitment efforts of the Compensation and Nominating Committee and the Board remains receptive to increasing the representation of women on the Board, as director turnover occurs. The Compensation and Nominating Committee takes into consideration diversity (including gender diversity) as one of the many factors to maintain an appropriate mix and balance of diversity, attributes, skills and experience. The other factors that the Compensation and Nominating Committee considers are: the competencies and skills that the Board considers to be necessary for the Board, as a whole, to possess; the competencies and skills that the Board considers each existing director to possess; the competencies and skills each new nominee will bring to the Board; the time and energy of the proposed nominee to devote to Board tasks; the independence of the proposed nominee; and the understanding by the proposed nominee of the nature of the business and operations of the Corporation. Ultimately, Board appointments are based on merit measured against objective criteria, having due regard to the benefits of diversity in board composition, with the goal of maximizing the effectiveness of corporate decision-making and fulfilling the best interests of stakeholders.

Consideration Given to the Representation of Women in Executive Officer Appointments

The Corporation does consider the level of representation of women in executive officer positions when making executive officer appointments. The Corporation also considers the skills and experience necessary for the position, as well as each individual candidate's competence, qualification, experience and performance regardless of gender, age, ethnic origin or other aspects of diversity when determining executive officer appointments. While the Corporation has not adopted a target regarding women in executive officer positions of the Corporation (discussed below), it is committed to advancing women, and other individuals representing a diversity of backgrounds, into leadership roles in the Corporation through mentoring, continuing educational development and succession planning processes.

Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Corporation has not adopted a target regarding women on the Board or in executive officer positions, as the Board does not believe a fixed target regarding the representation of women on the Board or in senior leadership (including executive officer positions) would automatically result in the identification or selection of the most appropriate candidates for the Corporation's specialized business and its current stage of operations. None (0%) of the directors on the Board are women. One (11.1%) of the nine executive officers of the Corporation is a woman. Diversity, including gender, age, nationality, cultural and educational background and business and other experience, is one of the factors that the Compensation and Nominating Committee considers in identifying and nominating candidates for election or re-election to the Board. The Compensation and Nominating Committee believes all of these factors are relevant to ensure high functioning board members and that establishing fixed targets based upon only one of these factors may disqualify desirable director candidates. Further, the Compensation and Nominating Committee believes that appointments of directors and executive officers should be made, and should be perceived as being made, on the merits of individuals and that the adoption of a fixed target could interfere with the application of this approach. Merit is considered by the Compensation and Nominating Committee against objective criteria, while having due regard to the benefits of diversity and to the needs of the Corporation. The Corporation is committed to providing an environment in which all employees and directors are treated with fairness and respect, and have equal access to opportunities for advancement based on skills and aptitude.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No person who is, or at any time during the most recently completed financial year was, a director or executive officer of the Corporation, no person proposed to be nominated for election as a director of the Corporation, nor any associate of any such director, executive officer or proposed nominee, is, or at any time since the beginning of the most recently completed financial year of the Corporation has been, indebted to the Corporation or any of its subsidiaries, or indebted to another entity, where such indebtedness is, or at any time since the beginning of the most recently completed financial year has been, the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation or any of its subsidiaries, pursuant to a security purchase program of the Corporation or otherwise.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as otherwise disclosed herein, no informed person (as that term is defined in National Instrument 51-102 – *Continuous Disclosure Obligations*) of the Corporation, no person proposed to be nominated for election as a director of the Corporation, nor any associate or affiliate of any of them, has or has had any material interest, direct or indirect, in any transaction since the commencement of the Corporation's most recently completed financial year or in any proposed transaction which has materially affected or is reasonably expected to materially affect the Corporation or any of its subsidiaries.
